### *Go, Johnny Go*

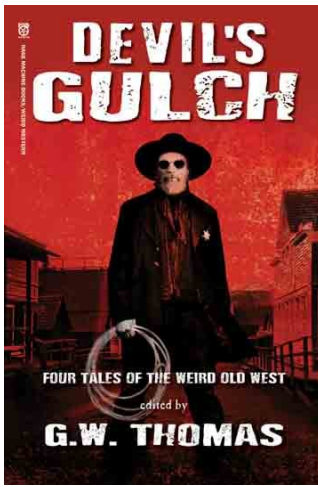

WILD INCORPORATED is a crime fighting organization whose origin is shrouded in secrecy. Harry Calhoun has become a member of this strange group. Led by the mysterious Morrigan Wild and aided by five talented experts in differing fields, the organization travels the world to right wrongs and battle evildoers. But is Harry Calhoun really cut out to be part of the team?

Harry goes back to his home town of Toronto, trying to move past Wild Incorporated. Home with his family, he thinks he's found new love and a new job, but Wild Incorporated is not done with him yet. Harry finds himself in the thick of a deadly mystery that threatens to open Morrigan Wild's closely held secrets about her father, her old gang, her Fortress of Solitude and a mysterious man who is supposed to be long dead!

## Devil's Gulch

Out next week!

This shared world anthology features four novellas in the *Swords of Fire* style with an illustration for each tale. "If Music Is The Fruit of Love" by M. D. Jackson starts us off with a quest to find a lost masterpiece. The trail leads to Devil's Gulch. "Dark Raven" by T. Neil Thomas follows "Hanging Judge" Galbraith and his bet to spend a night in a haunted house. "The Black Lake" by Jack Mackenzie stars Johnny Watson, African American doctor in the Old West and the strange evil coming from a mountain lake. "The Ghost Gun" by G. W. Thomas is a compilation of shorter tales starring Deputy Sheriff Brett Hope from *Strange Adventures*. Hope acquires a strange weapon that uses monsters for bullets. And he will need such a gun for Nick Wash is coming!

*Cyber Fighter* by William Joseph Hill

Brian Baldwin thought he was just playing another game.

Instead, he becomes the test subject for CYBER FIGHTER — Kirkman Enterprises' top-secret AI military training program.

The system downloads Black Belt skills from 47 martial arts styles directly into his brain, transforming Brian from a clumsy nobody into an unstoppable fighter.

Framed for a crime he didn't commit, Brian is hunted by assassins, spies, gangsters, and even the FBI.

Set in a cyberpunk world with a comedic edge, CYBER FIGHTER blends Jackie Chan-style kung fu with sci-fi thrills in the vein of The Matrix, Ready Player One, and Die Hard.
